

ICITIFY DIGITAL SKILLS FOUNDATION

Building Tomorrow's Leaders Through Technology.

About ICITIFY

ICITIFY Digital Skills Foundation is a youth-driven nonprofit organization transforming Nigerian youths into globally competitive innovators. We empower them with digital, technical, and leadership skills that open doors to employment, entrepreneurship, and lifelong growth.

Our Vision

Empowering 15,000 Nigerian youths annually with the skills, mindset, and leadership capacity to shape the digital future.

Our Mission

To provide accessible and practical ICT and leadership training across Nigeria—bridging the gap between ambition and opportunity through technology.

Our Core Programs

■ Digital Skills Academy — training in coding, data analysis, AI, cybersecurity, and robotics. ■ GSM & Device Repair Lab — practical hardware skills for self-employment. ■ Leadership & Entrepreneurship Bootcamp — soft skills, teamwork, financial literacy, and innovation mindset. ■ Tech Employment Hub — connects outstanding trainees to freelance and job opportunities.

Impact Goals (2025–2028)

• Train 15,000 youths annually across Nigeria. • Establish 6 Regional ICT and Leadership Hubs. • Create 5,000+ jobs through employment and entrepreneurship. • Achieve 40% female participation in all programs.
